# INSPECTIONS TAKEN TO THE NEXT LEVEL

To make sure our inspections are of the utmost quality, each inspection is sent through our Central Inspection Hub. Located in the Hub are Certified Vehicle Appraisers and Mechanics. These individuals review the inspections and update them in real time with accurate repair costs. By utilizing our Central Inspection Hub we create consistency among our inspections that no other inspection provider can match.

This makes **TRUapp** the most comprehensive and accurate inspection in today's demanding used vehicle market.
